**School Policy on Restrictive Physical
Intervention/ Positive Handling**

1. Purpose

This policy has been written in accordance with the Welsh Governments framework for Restrictive Physical Intervention policy 2005, The Use of Force to control or Restrain Pupils, the powers of which are contained in Section 93 of the Education and Inspections Act 2006 and Safe and effective intervention – use of reasonable force and searching for weapons 2010 (amended 2013). It should be read in conjunction with school policies on Behaviour, Child Protection and Health & Safety.

Sporting Chance Newport CIC recognises the importance of ensuring good order to provide a safe environment for staff and pupils. To achieve this, it is recognised that, in extreme circumstances, it may be necessary for school staff to intervene physically to manage certain harmful behaviours by pupils.

1. It is the Sporting Chance Newport CIC's policy that Restrictive Physical Intervention, sometimes referred to as positive handling, will be used as a last resort, normally after non-physical strategies have failed to manage a pupil's behaviour.
2. Restrictive Physical Intervention is defined as direct physical contact between persons where reasonable force is positively applied against resistance, either to restrict movement or mobility or to disengage from harmful behaviour displayed by an individual.
3. Sporting Chance Newport CIC will work to create an environment that minimises the risk of incidents that might require restrictive physical intervention. This will include :-

The implementation of whole-school behaviour management strategies

Training staff to de-escalate and defuse potentially disruptive situations

Working with individual pupils and their parents to identify trigger behaviours and to develop preventative strategies that avoid the need for physical intervention.
4. Restrictive physical intervention will only be used when the risk of not intervening outweighs the risk of doing so. It will only be used to prevent pupils:
 - Harming themselves or others
 - Committing a criminal offence
 - Causing serious damage to property
 - Engaging in behaviour which is seriously prejudicial to good order and discipline.

Intervention/ Positive Handling**

5. Action taken during a restrictive physical intervention will be:
 - Reasonable
 - Proportionate
 - Necessary
 - In the best interest of the child.
6. Parents will be informed of the school's policy on Restrictive Physical Intervention. Details will be included in the School Handbook and a copy of this policy will be given to parents on request.
7. While any member of school staff may intervene physically in an emergency, and all teachers are legally enabled to use reasonable force under section 93 of the Education and Inspections Act 2006, only those staff who have been specifically authorised by the Head of Education will normally take part in restrictive physical interventions that have been included in Positive Handling Plans. An up to date list of authorised staff will be kept in the school and will be reported annually to the Management Board.
8. In cases where it can reasonably be foreseen that a pupil is likely to require positive handling, a Positive Handling Plan will be drawn up by the school with the agreement of parents/carers and in consultation with relevant agencies and the child, and will be reviewed regularly.
9. Records :-

All incidents involving restrictive physical intervention will be recorded in a Bound and Numbered book.

All serious incidents will be reported to the LA in order to provide appropriate follow up and support for pupils and staff.

Parents will be informed as soon as practical about all serious incidents.

A completed Violence at Work form will be sent to the LA if a member of staff is injured during an incident.

The Restrictive Physical Intervention reporting form is attached as Appendix 4.
10. The school's Bound and Numbered Book will be reviewed every half term by the Head of Education and the Directors, with responsibility for Child Protection issues, and will be monitored annually by an LA representative. The information will be used to review Positive Handling Plans for individual children, staff training needs and relevant school policies.
11. The Head of Education will determine the training needs of school staff after assessing the likely need and scope of physical intervention that might be required. Advice and support on assessing training needs will be available from the LA.

Intervention/ Positive Handling**

12. Training will be provided by a regulated provider and will meet the standards approved by the Institute of Conflict Management. Staff will only use intervention techniques which they have been trained to use, except in extreme emergencies. Staff will not use any technique that restricts a child's breathing or which requires a child to be held face down.
13. All staff involved in a restrictive physical intervention will be allowed time to seek medical attention if necessary, to recover and to be debriefed by colleagues nominated by the Head of Education. Written records will be completed within 24 hours, if practical.
14. Pupils will be given medical attention if necessary, and will be given time to become calm before discussing an incident. The pupil will be given the opportunity to explain things from his/her point of view and steps will be taken to re-establish the relationship between the pupil and the staff involved in the incident.
15. Staff who act in accordance with this policy will be positively supported by the LA and the School, but staff will be expected to use their professional judgement when handling children, and everyone involved must be aware that their actions may be subject to scrutiny and possible legal action.
16. While staff will use the minimum force for the shortest time during a restrictive physical intervention, it is recognised that minor injuries, such as bruises and scratches, may occur. Such minor injuries will not, by themselves, be regarded as evidence of misconduct.
17. All complaints relating to restrictive physical intervention will be recorded by the school and details will be shared with relevant LA staff and other agencies. The Head of Education will clarify the details of all complaints in accordance with the school's Complaints Policy, and will ensure they are dealt with appropriately.
18. This policy will be effective from 16/09/2021 and will be reviewed annually by the Directors. Appendices may be amended at any time to reflect changes in legislation or good practice.
