Sporting Chance Newport CIC **Admissions Policy**

1. Overview

Sporting Chance Newport CIC will specialise in working with learners aged between 11 and 16 with social, emotional and mental health difficulties and associated risk factors that are unable to sustain a place in mainstream education.

The success for Sporting Chance Newport CIC is simply defined as the level of progression each learner makes in terms of changes to their behaviour, their academic ability, their ability to engage in the community and eventually live independent lives through employment and further education.

We aim to have leavers who are confident, happy young people with high levels of self-esteem, a clear picture of their future and the wherewithal in terms of skills, abilities and personal characteristics to achieve that future.

Admission to Sporting Chance Newport CIC will be through the referral process outlined in this policy. Referrals can be made at any time throughout the year.

Number of places available

The school will provide education contact time for up to 25 hours per week per place, up to 20 places at any one time.

Learners supported by Sporting Chance Newport CIC

The school will specialise in providing suitable provision for:

- Those excluded or at risk of exclusion
- Those students with social, emotional and mental health concerns
- Those requiring significant behaviour support
- Those with medical conditions preventing them from attending mainstream schools

Equal opportunities

The school is committed to equal opportunities and admits learners across the full spectrum of academic abilities. All learners have equal access to the curriculum.

For an understanding of the Curriculum offered at Sporting Chance a copy of our Learning & Teaching Policy is available on our website www.sportingchancegroup.org.uk or alternatively is available upon request by emailing enquiries@asportingchance.org.uk.

	• Chaotic homelessness where lack of structured accommodation is a barrier to learning and the YP refuses support to support to resolve this	N

Notes:

1. Y – Yes – supported by school: N – No – not supported by school
2. Mild learning difficulties are perhaps best defined by having an IQ between 50 – 70. Could also be described where learners’ levels of attainment are significantly below expectations, and where they display similar problems to those of moderate LD learners, but the difference in theory may be appropriate intervention is having an impact.

Moderate learning difficulties will have attainments significantly below expected levels in most areas of the curriculum, despite appropriate interventions. Their needs will not be able to be met by normal differentiation and the flexibilities of the National Curriculum. IQ between 30 and 50

They should only be recorded as Moderate LD if additional educational provision is being made to help them to access the curriculum. Learners with Moderate Learning Difficulties have much greater difficulty than their peers in acquiring basic literacy and numeracy skills and in understanding concepts. They may also have associated speech and language delay. Low self-esteem, low levels of concentration and under-developed social skills.

3. ADOS2 = ‘Autism Diagnostic Observation Schedule 2’. This is a commercially available instrument for diagnosing and assessing Autism.
4. Characteristics that do not impact on acceptance to any provision include: In Care (currently in care system); Care Leaver (previously in care system); Parent (learner who has one or more children or is pregnant or who has a pregnant partner)

Based on admissions criteria Sporting Chance Newport CIC will deliver an education that:

- Meets individual requirements – therefore is based on assessed needs;
- Priortises academic attainment supported with vocational training with a specific emphasis on behaviour interventions and trauma/therapeutic support; and which

Sporting Chance Newport CIC **Admissions Policy**

focusses on multiple progression pathways – including reintegration back into mainstream as a priority, employability, enterprise and further education

Delivery of our curriculum and work in the school requires a blend of high-quality teaching and support.

3. Referral/Admission Arrangements

To acquire a place at Sporting Chance Newport CIC a learner must be referred by the Local Authority or an educational establishment ('commissioners').

Local authority commissioners

The Local Authority will purchase places at Sporting Chance Newport CIC. The service level and contract agreement (including price per place) will be negotiated and drawn up to provide a number of places under an agreed Outlined Service Specification.

The Specification will set out the obligations Sporting Chance Newport CIC, the commissioning authority and the child's host school so that all parties are clear about: what will be delivered, how, when, at what price, the responsibilities of the parties to the agreement to maintain the highest level of support to the child, and what monitoring arrangements will be agreed to review the contract performance.

The contract monitoring review process will be on a six-weekly basis in agreement with the commissioner. The school will collate demographic and outcome data gathered in relation to the learners' needs, attendance, academic performance and behavioural presentation in Sporting Chance Newport CIC. This will be reviewed jointly with the local authority commissioner on an agreed schedule.

Other commissioners

Sporting Chance Newport CIC can, dependant upon availability placement and SLA in place, also provide similar contracting procedures for other local authorities.

Charging

Each full time equivalent (FTE) place in Sporting Chance Newport CIC will be charged as per the block contract in Newport for standard provision or a high cost package for specialist requirements.

Commissioners (schools, academies and local authorities) will, in addition, provide top-up funding above this base level to cover the total cost of provision. This top-up funding is based upon the learner's assessed needs. Prior to agreeing a referral Sporting Chance Newport CIC will agree the level of top-up funding with the commissioner.

Offers

Sporting Chance Newport CIC maintain a live referral tracker, which is reviewed daily by our school support officer and updated when necessary. Sporting Chance will add learners to the live tracker, which is shared with the link ALN and Inclusion Officer for the local authority and can be accessed at any date for updates (e.g. for feedback for ALN panel meetings and/or naming placements discussed within PCP meetings and/or IDP paperwork) We formally write to the commissioner to formally accept the referral, including financial requirements and the support to be offered. Referrals for KS4 learners and learners not in or attending/engaging with education regularly will be prioritised.

Procedure following an offer

We will expect a response when offer is sent or we will assume that the commissioner no longer requires the place and the offer will be withdrawn

4. Oversubscription Criteria

Learners with IDP's naming Sporting Chance Newport CIC will always be admitted (once registered).

If Sporting Chance Newport CIC has more referrals than places (oversubscribed) and after admission of learners with an IDP naming Sporting Chance Newport CIC priority will then be given to referrals in the following order:

- Referrals from a local authority
- Looked after children and previously looked after children
- Learners who live closest to Sporting Chance Newport CIC (as measured in a direct line from the front door of the learner's home to the main gate of the school).
pupils who live furthest from the nearest alternative AP or PRU school.

5. Learner registration and information sharing

Where learners are on the roll of another school and attend for a short period of time (fixed period exclusions/a school educating a child off-site/reason of illness/any other reason) the learner will be registered with the local authority.

Referral

Referral application forms should be send directly to Sporting Chance Newport CIC who will acknowledge receipt within 48 hours and we will be added to our referral tracker, prioritising KS4 learners and learners not attending or engaging with education.

Process

Referrals will follow a Universal, Targetted or Specific pathway including tour, taster and transition to ensure learners settle into the environment and are timetabled effectively. At each stage our inclusion or pastoral team will review progress and aim to unlock any ongoing issues that have surfaced.

Sporting Chance Newport CIC **Admissions Policy**

We provide clear direction as to lunch and break, use of mobile phones, uniform policy and other day to day policies that will guide a learner through their time at Sporting Chance Newport CIC. Ongoing support will be provided at the appropriate level based on the social skills of the learner and their ability to integrate.

6. Objections and Complaints Procedure

Appeals

Should a commissioner or parent/guardian wish to appeal a decision not to accept a referral, appeals must be made in writing to the Chair of the Sporting Chance Newport CIC School Leadership Team. A review will be carried out by the chair and two members of the School Leadership Team and a response will be made within 30 days of receipt.

Complaints

Any objections to this policy or its application should be raised with Sporting Chance Newport CIC through its complaints process.

Appendix 1: Equality Impact Assessment

Sporting Chance Newport CIC is committed to always: avoiding the potential for unlawful discrimination, harassment and victimisation; advancing equality of opportunity between people who share a protected characteristic and those who do not; and, foster good relations between people who share a protected characteristic and those who do not.

An Equality Impact Assessment (EIA) is a tool for identifying whether or not strategies, projects, services, guidance, practices or policies have an adverse or positive impact on a particular group of people or equality group. While currently only public bodies are legally required to complete EIA's, Sporting Chance Newport CIC has adopted the process in line with its commitment to continually improve equality performance.
